

A WARNING TO THE PUBLIC: MEMORIAL DAY WEEKEND 2018 - FASCISTS SPOTTED IN ASHEVILLE, NC

Nathan Damigo is a well-known and violent white supremacist. Damigo helped organize the white supremacist rally in Charlottesville, VA known as "Unite the Right" (2017), where an anti-racist protester was murdered. Damigo has hosted an alt-right podcast, actively recruited youth into the white power movement, and founded the fascist group Identity Europa (formally known as National Youth Front). Based out of California, Damigo was sent to prison for pulling a loaded gun on a taxi driver for "looking middle eastern" and has violently assaulted numerous anti-racist protesters in Berkeley, CA and Charlottesville, VA.

Daxter Reed, a resident of Asheville, NC, was the previous director of the neo-Nazi group formerly known as the National Youth Front. Daxter has a history of physical violence targeted at anti-fascist and anti-racist activists. Recently returned after being kicked out of the army, Daxter has been claiming Leninist politics – cloaking his state fascism and anti-semitism under Leninism. The absence of accountability for past harmful behavior as well as his current actions of inviting violent white supremacists into town disprove any political remorse or reform. Daxter's actions, past and present, prove he is still a threat to our community and must not be tolerated.

WHAT WE KNOW: Damigo has stepped down from Identity Europa due to recent conspiracy charges stemming from the previously mentioned "Unite the Right" rally in Charlottesville, VA. Having appeared in Charlottesville court this past week, it is no mere coincidence he traveled a 5-hour drive down to Asheville and was spotted with the main local organizer of fascist youth recruitment; Especially the same organizer Damigo personally threw under the bus and kicked out of his organization back in 2015. It goes beyond suspicion that neither of them are currently affiliated with any organization but are meeting up in person with their over-steeped nazi-organizing pasts.

IF YOU SEE THEM: Keep in mind they're violent. You can anonymously send information/tips to [ashevilleantiracism\[@\]riseup.net](mailto:ashevilleantiracism[@]riseup.net) with PHOTOS, times, locations, etc.

PROTECT EACH OTHER AND OUR COMMUNITY, DON'T GIVE THEM AN INCH!
